

Mary Quick

I am a philanthropist dedicated to child education and welfare. My efforts have been focused on organizations that support and cultivate the needs of the under-privileged and disabled children by placing them in equal opportunity environments. As a mother of 5, a sibling of 7, I am familiar with the development of children and family and the importance of networks especially in communities of need.

I am excited to begin a new chapter in Florida and give back via The Lord's Place. I love the spirit, dedication and the mission.
